

MANUAL OF GOOD PRACTICES FOR NEIGHBORS

Small acts, big steps towards sustainability

1. I am familiar with, value, protect and am involved in the conservation of the heritage and the cultural and natural resources of the territory.

2. I am proud of local traditions and take part in them.

3. I respect the rules for behaviour and coexistence both with the members of my community and with the people who visit us.

Fair and responsible consumption is the work of all!

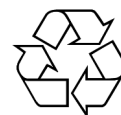

4. I support respect and embrace gender equality, dignified work, human rights and cultural differences.

5. I do not dump rubbish in areas which are not designated for this purpose. Our towns are our main asset. Look after them as if they were your home.

6. I am responsible for the care and well-being of my pet. I pick up after them and dispose of the waste in the correct place.

7. I separate recycling. All towns have recycling points where you can easily recycle your waste. The conservation and cleanliness of Val d'Aran involves everyone.

I am responsible and committed to Val d'Aran when...

8. I use public transport whenever possible.

9. I buy and consume local products from small businesses in the valley.

10. I look after the environment and ensure that human impact does not interfere in the future of the Valley.
